Zero Emission

ROAD TOWARD AN ELECTRIC TAXI REVOLUTION

TODAY, NISSAN ELECTRIC TAXIS ARE PRESENT IN:

5

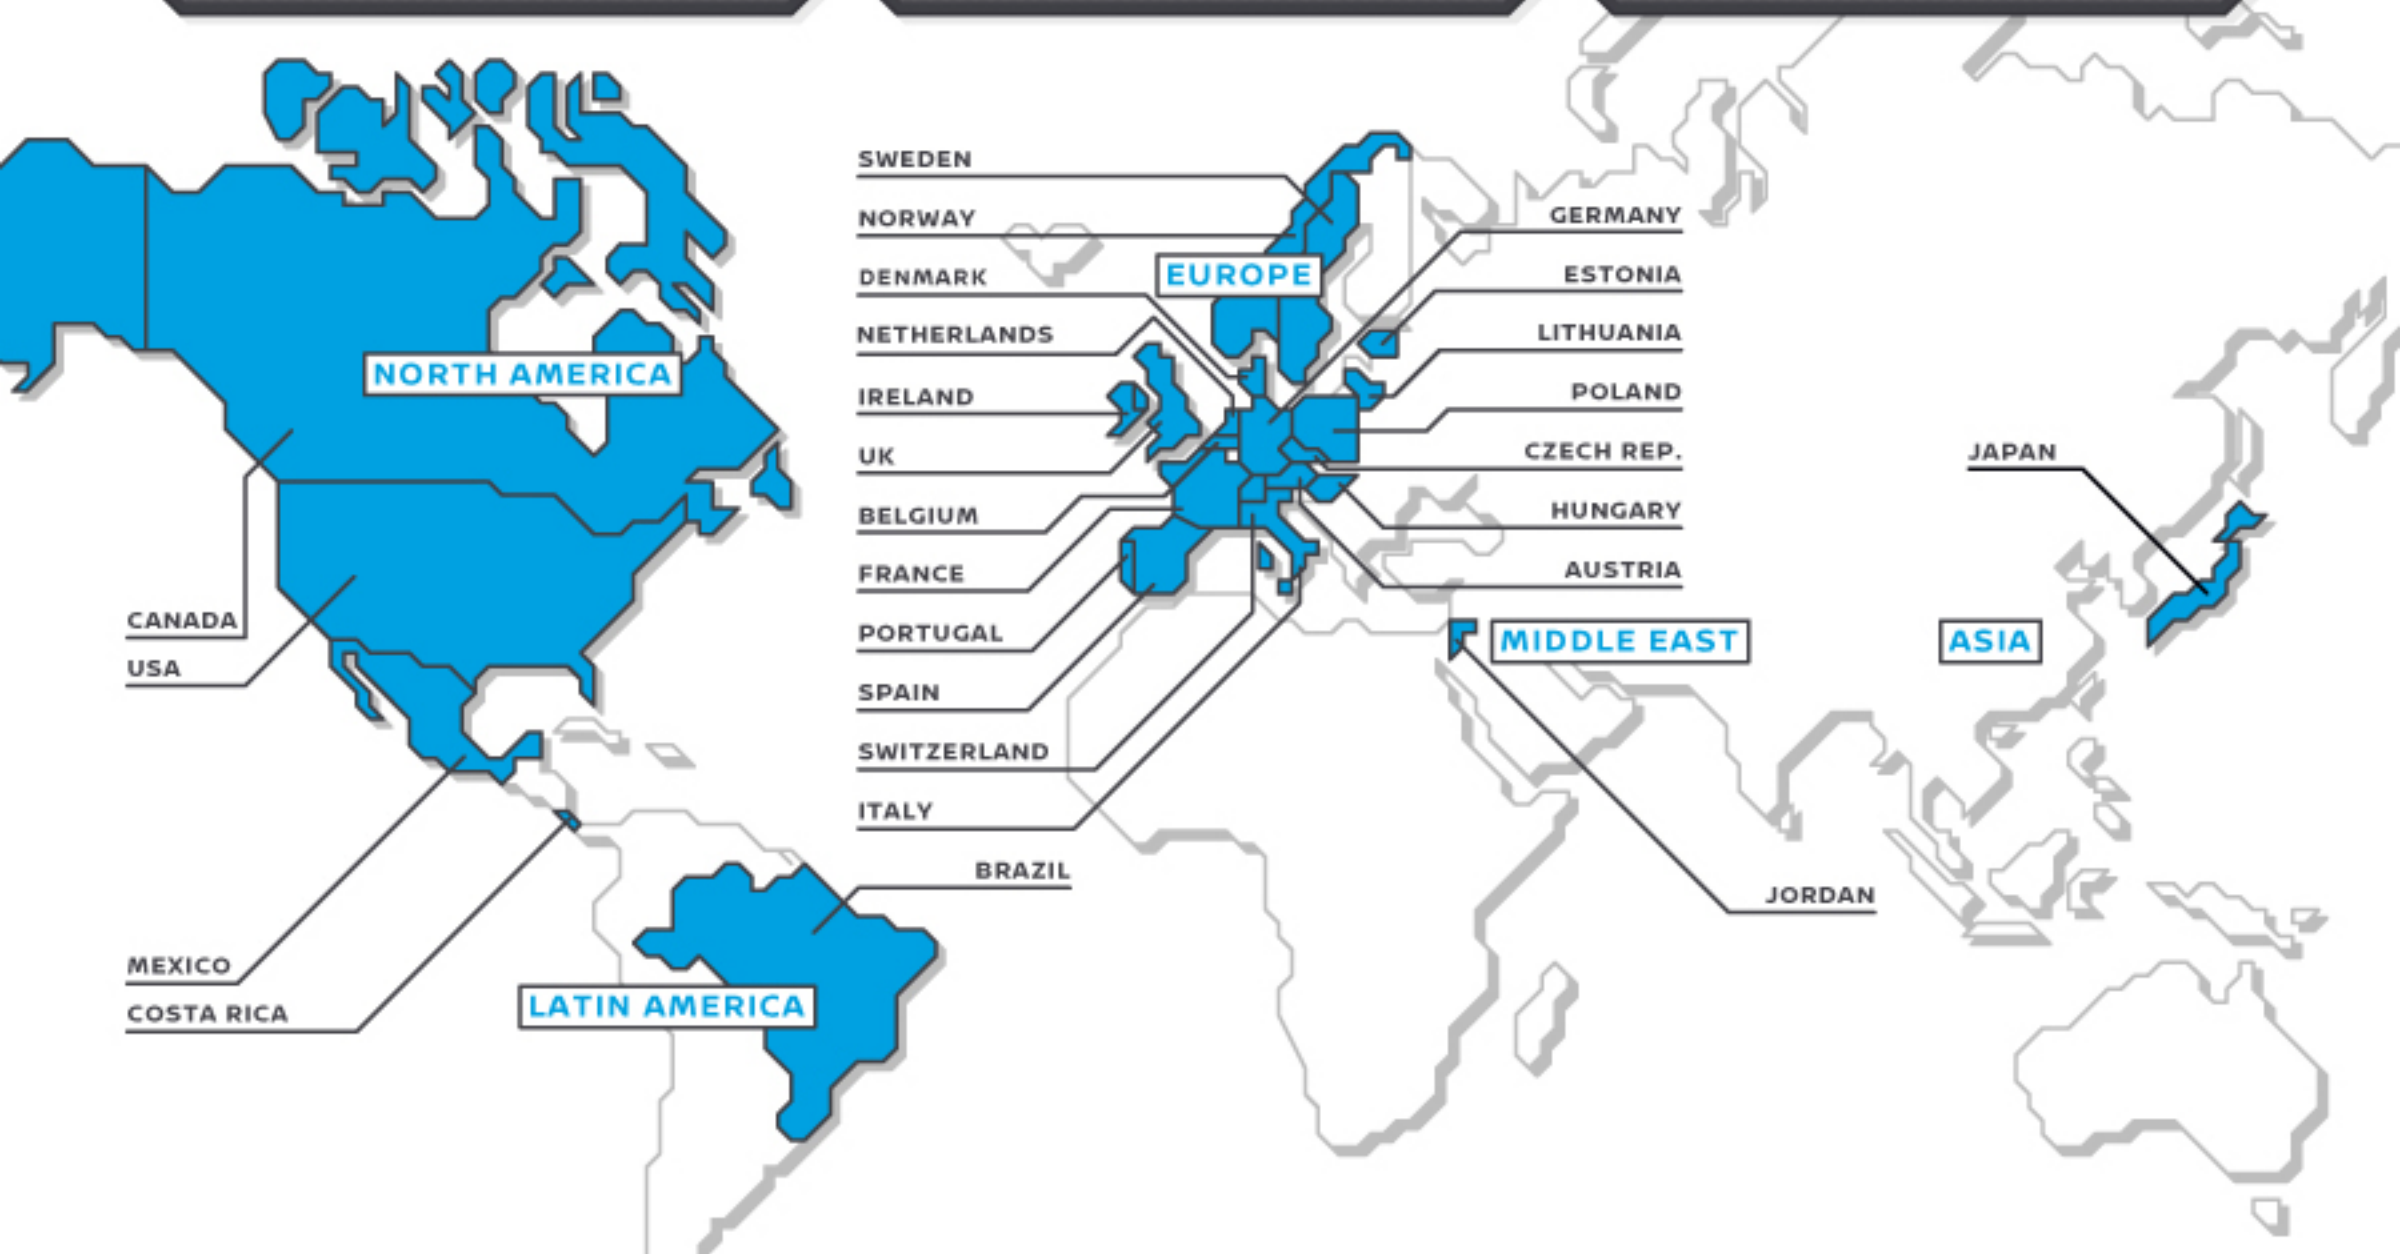

CONTINENTS

26

COUNTRIES

113

CITIES

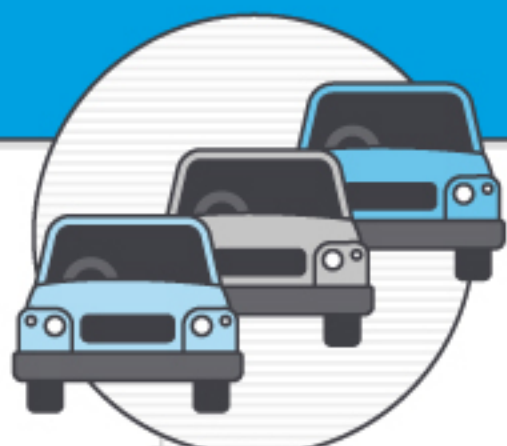

THE ELECTRIFICATION OF THE TAXI INDUSTRY IS SET TO GROW.

CRITICAL ISSUES RESULTING FROM
URBANIZATION IN MEGACITIES:

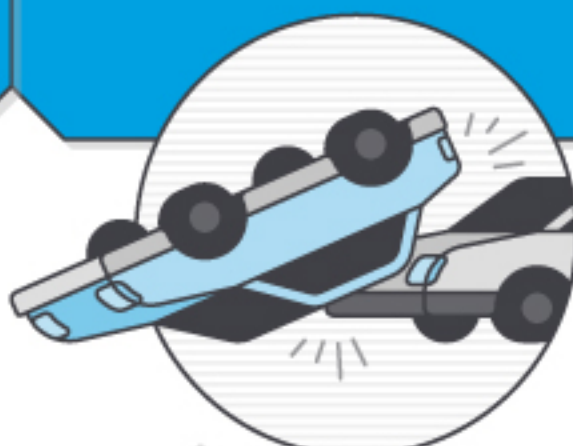

POLLUTION

CONGESTION

ROAD SAFETY

CITIES NEED A SMARTER SOLUTION

EV taxis will
HELP REDUCE
CO₂ EMISSION

EV taxis can utilise
INNER CITIES' LOW
EMISSION ZONES

EV taxis are **FUN AND
SAFE TO DRIVE** thanks
to its electric powertrain
that provides immediate
acceleration and
regenerative braking

More **GOVERNMENT INCENTIVES** and **INFRASTRUCTURE** for EVs

NISSAN ELECTRIC TAXIS ARE
THE SMARTER CHOICE
